About the USASA Grants Program

Hi, we're USASA, the independent student association of the University of South Australia. We are a not-for-profit, student-run organisation that exists to empower students to shape their own University journey.

The USASA Grants Program is designed to ensure clubs are resourced and visible, so they can be at the heart of the student experience, and to assist non-club student-led groups in contributing to a vibrant UniSA community.

USASA clubs and student-led groups can access grants of up to \$2,500 in a single application to support their activities or purchases, with a maximum of \$3,500 within a calendar year.

Purpose

The USASA Grants Program aims to support initiatives that will enhance the student experience at UniSA. More specifically, successful initiatives will be those that provide opportunities for students to develop the non-academic (or extra-curricular) student experience through:

- Making the University a fun and interesting place to be
- Supporting clubs, societies and student-led groups to run events, activities and initiatives
- Supporting innovative club development
- Supporting effective club promotion
- Supporting club executives to develop their skills

Application Types

Applications will be divided into the following categories, with the application requirements being specific to the categories:

- **Activity** – for USASA club events or activities
- **Equipment** – for USASA club equipment purchases
- **Marketing** – for USASA club marketing expenses
- **Skill Development** – for USASA club executives to participate in personal/professional development programs
- **Student-led Initiative** – for non-USASA club student-led groups to develop activities and events

In addition, multiple USASA clubs may choose to collaborate on an initiative, which will increase the application funding cap by \$500 per additional participating club to a maximum of \$5,000. The maximum funding caps are as follows:

- 1 club – \$2,500
- 2 clubs – \$3,000
- 3 clubs – \$3,500
- 4 clubs – \$4,000
- 5 clubs – \$4,500
- 6 clubs or more – \$5,000

In the case of collaborative initiatives, funding will be divided by the number of collaborating clubs in the individual club funding cap (\$3,500 per club per year) i.e. if three clubs collaborate and receive a grant of \$3,500, this will contribute \$1,166.66 to each of the participating clubs funding cap for the year, unless specified otherwise in the collaboration agreement.

Eligibility

To be eligible, initiatives must:

- Be student-led
- Not form the part of the assessment or requirements of a UniSA course or program
- For USASA Clubs, be able to be covered by USASA and UniSA's insurance
- For non-club student-led activities, be covered by UniSA's insurance

Unsuccessful Grant Applications

All ineligible or unsuccessful applicants will receive notification by email within two weeks of the grant round application deadline. Specific feedback on your application will be available upon request. You may resubmit your application for the next round of grants if desired.

Hints & Tips

- Plan ahead and allow yourself time to get your application in well before the activity is planned to take place. Try and apply at least a month or two in advance to give time for feedback – if initially unsuccessful, you may be able to resubmit!
- Think about who is reading the grant application and what they need to know, think about how your initiative meets the objectives/purpose of this grant program, include this in the application.
- Make sure you clearly articulate how your activity will benefit UniSA students, such as talking about how many students are in the club, how many you expect will attend the event etc.
- Never say 'maybe'. Your activity should be well thought-out and well-planned with all elements articulated in the grant application.
- Make sure you discuss your application well in advance with the USASA staff. They can provide feedback on your application and project and will provide you with advice which will increase the likelihood of your application being successful.
- Make sure your budget balances (income = expenses)! The budget should be for the total cost of the activity. If you are putting other club money into the activity, this should be shown on the budget also, not just the money you are requesting from the grant program. If you have other sources of income (i.e. a UniSA school or sponsorship money) be sure to include this, it demonstrates good planning and your application is more likely to be successful.
- Supporting documentation must be provided for every expense listed in your application. This may be a quote from a company or a screenshot from a website where you researched the cost. Any expense without corresponding supporting documentation will not be considered. Please make sure your quotes are in AUD, or you convert it to AUD from the original currency.

Frequently Asked Questions (FAQS)

Can applications be submitted after the closing date?

No, but grant applications that miss the deadline are encouraged to be submitted in the next round.

Are there items we cannot fund using USASA Grant money?

USASA Grant funding may not support purchase of the following:

- Alcohol
- Facebook or social media advertising
- Tickets to USASA events or functions
- Pub crawls (including the provision of food, clothing or entertainment for a pub crawl)
- Raffles
- Gift cards or vouchers
- Balloons
- Donations or support for political parties, political campaigns or the election of any persons at any level of government

We also recommend seeking alternatives to single-use plastics, but items included in an application will be assessed based on need in context.

Is there any right to appeal an unsuccessful application?

There is no right to appeal however we will provide feedback on your application upon request which will put you in the strongest position to reapply in a future round. We encourage applicants who are unsuccessful to seek feedback and reapply as appropriate.

Can applications be made for individual activities or pursuits?

The USASA Grants program is designed to benefit groups of students, not individuals. If a club executive wishes to undertake personal or professional development that will assist them in their leadership role with the executive, they may apply for a Skill Development grant.

Can UniSA Staff members apply for a Club Grant?

Only USASA Club Executives or students are eligible to apply for the USASA Grants Program. Staff are not to apply on behalf of students or student clubs.

Can external/CRE students apply for funding to attend city-based events?

The grants program is not intended to be used solely for transport for students to attend events. The engagement of CRE and external students refers to regionally-based events targeting these specific student cohorts.

What can be covered under catering?

Applicants can use Grants to assist with the cost of catering at events; however, applicants must be aware that the provision or subsidisation of alcohol for students, staff and guests is not permitted. Requests for funding to cover catering should be accompanied by a quote from a venue/caterer. Alcohol may be at an event where catering is covered by grant funding, but other means of income must be used to cover the cost of alcohol.

Does my initiative have to be held on UniSA grounds?

In short, no – however all applicants are strongly encouraged to investigate suitable locations on campus for their initiative. Preference will usually be given to applications that are being held on campus. Potential venues that may be available at little or no cost to students include:

- Hoj Plaza (City West)
- Brookman Hall (City East)
- GP Courtyard (Mawson Lakes)
- Sports Centres (Magill and Mawson Lakes)
- Hartley Playhouse (Magill)
- Jeffrey Smart Building Forum (City West)
- Lecture theatres and outdoor areas (all campuses)
