

# USASA CLUB AWARDS

## Tips on Nominating a Club

### 1# You have to be in it to win it!

- You can't win an award you haven't been nominated for.
- You're welcome to nominate your own club or yourself for an award.
- You can also ask a club member, staff member or fellow executive to nominate you!

### 2# Tell a story

- When writing your nomination, tell a story.
- Address the selection criteria and how the nominee meets them.
- Your nomination should be detailed and specific
- Assume that the person reading the nomination knows nothing about the nominee or clubs in general!

### 3# Quality not quantity

- Nominations are not votes.
  - Winners are selected based on the quality of the nomination, not by the number of times they were nominated!
  - If multiple people nominate the same club/event/person – it should be unique to the experience of the nominator.
  - Include as many supporting documents as possible, such as photos, marketing materials, communications, invitations, run sheets, budgets etc.
  - Size doesn't matter, the quality of the club or club event is more important!
- 

Nominate a deserving club or executive today, nominations are open until August 31, 2021.
