

**Budget Plan Cycle: Monthly**

Remember to calculate a fortnightly amount for your expenses even if occasional or annual. If you pay \$600 per year for insurance divide this by 26, or if \$180 per quarter divide by 6.5, or if \$100 per month divide by 2 for the fortnightly amount.

Income 1 - Centrelink	\$ Amount
Austudy/Abstudy	
Family Tax A and B
